PSI Start

A 10-week deep dive into theoretical physics for students who intend to start a graduate program in theoretical physics in 2025 or later.

Online program with no program fees.

Students will interact with renowned researchers and teachers from the world's largest independent theoretical physics research centre.

Additional opportunity to apply for a paid internship from May to August in person at Perimeter Institute in Waterloo, Ontario, Canada.

Application deadline: January 15, 2024

APPLY: perimeterinstitute.ca/psi-start
