PSI START

Perimeter Scholars International Students' Training Accelerator for Research in Theory

A 10-week deep dive into theoretical physics for students who intend to start a graduate program in theoretical physics in 2023.

Online program with no program fees.

Students will interact with renowned researchers and teachers from the world's largest independent theoretical physics research centre.

Additional opportunity to apply for a paid internship from May to August in person at Perimeter Institute in Waterloo, Ontario, Canada.

Application deadline: January 17, 2022

APPLY: perimeterinstitute.ca/psi-start
