

PI PERIMETER INSTITUTE

Undergraduate Summer School and Internship Opportunities

A 2-week deep dive into theoretical physics for students who intend to start a graduate program in theoretical physics in 2027 or later.

Summer school program at Perimeter Institute with no program fees.

Students will interact with renowned lecturers and researchers at the world's largest independent theoretical physics research centre.

Additional opportunity to apply for a paid internship from May to August at Perimeter Institute in Waterloo, Ontario, Canada.

Application deadline: January 18, 2026
